

Adria's Random Maps

This mod is just a collection of random maps extracted from the Mod "Lost Continent of Adria", for those who dont want to intall the mod's Campaign.

How to Install

Just place all the files in the Age of Mythology installation folder. For steam installations, the path is usually "C:\Program Files (x86)\Steam\steamapps\common\Age of Mythology".

To uninstall, just execute the script "AdriaRandomMaps.uninstall.bat" (take care, cannot be undone).

Random Maps

This mod includes the same random maps from the mod "Lost Continent of Adria":

- **Arabian Desert:** A large desert with hidden treasures and bandit camps and scarce wood.

- **Elysius Camps:** A miraculous and brilliant land, with plenty of resources available, but you will have to fight for it.

- **Guardians' Valley:** Each player starts with a Guardian in the Valley of the Kings.

- **Guardians' Megalopolis:** Each player starts with a Guardian in a Savanna megalopolis.

- **One Settlement:** All players start with one settlement and some small villages. But there are no other settlements available.

- **Ragnarok:** A Battle Royale among the gods in a nordic apocalyptic World.

- **Sahara Desert:** All resources are hard to be found on this map, especially wood.

- **Starting Army:** Each player starts with a huge army.
